TELIA  
**NONMUSEUM**  
HISTORY OF VILNIUS

It's a unique place where history happens not behind the glass but right in front of you. Here history of Vilnius is told by modern sound and light projection technologies in spectacular 15 minutes. And that's why we called it Nonmuseum.

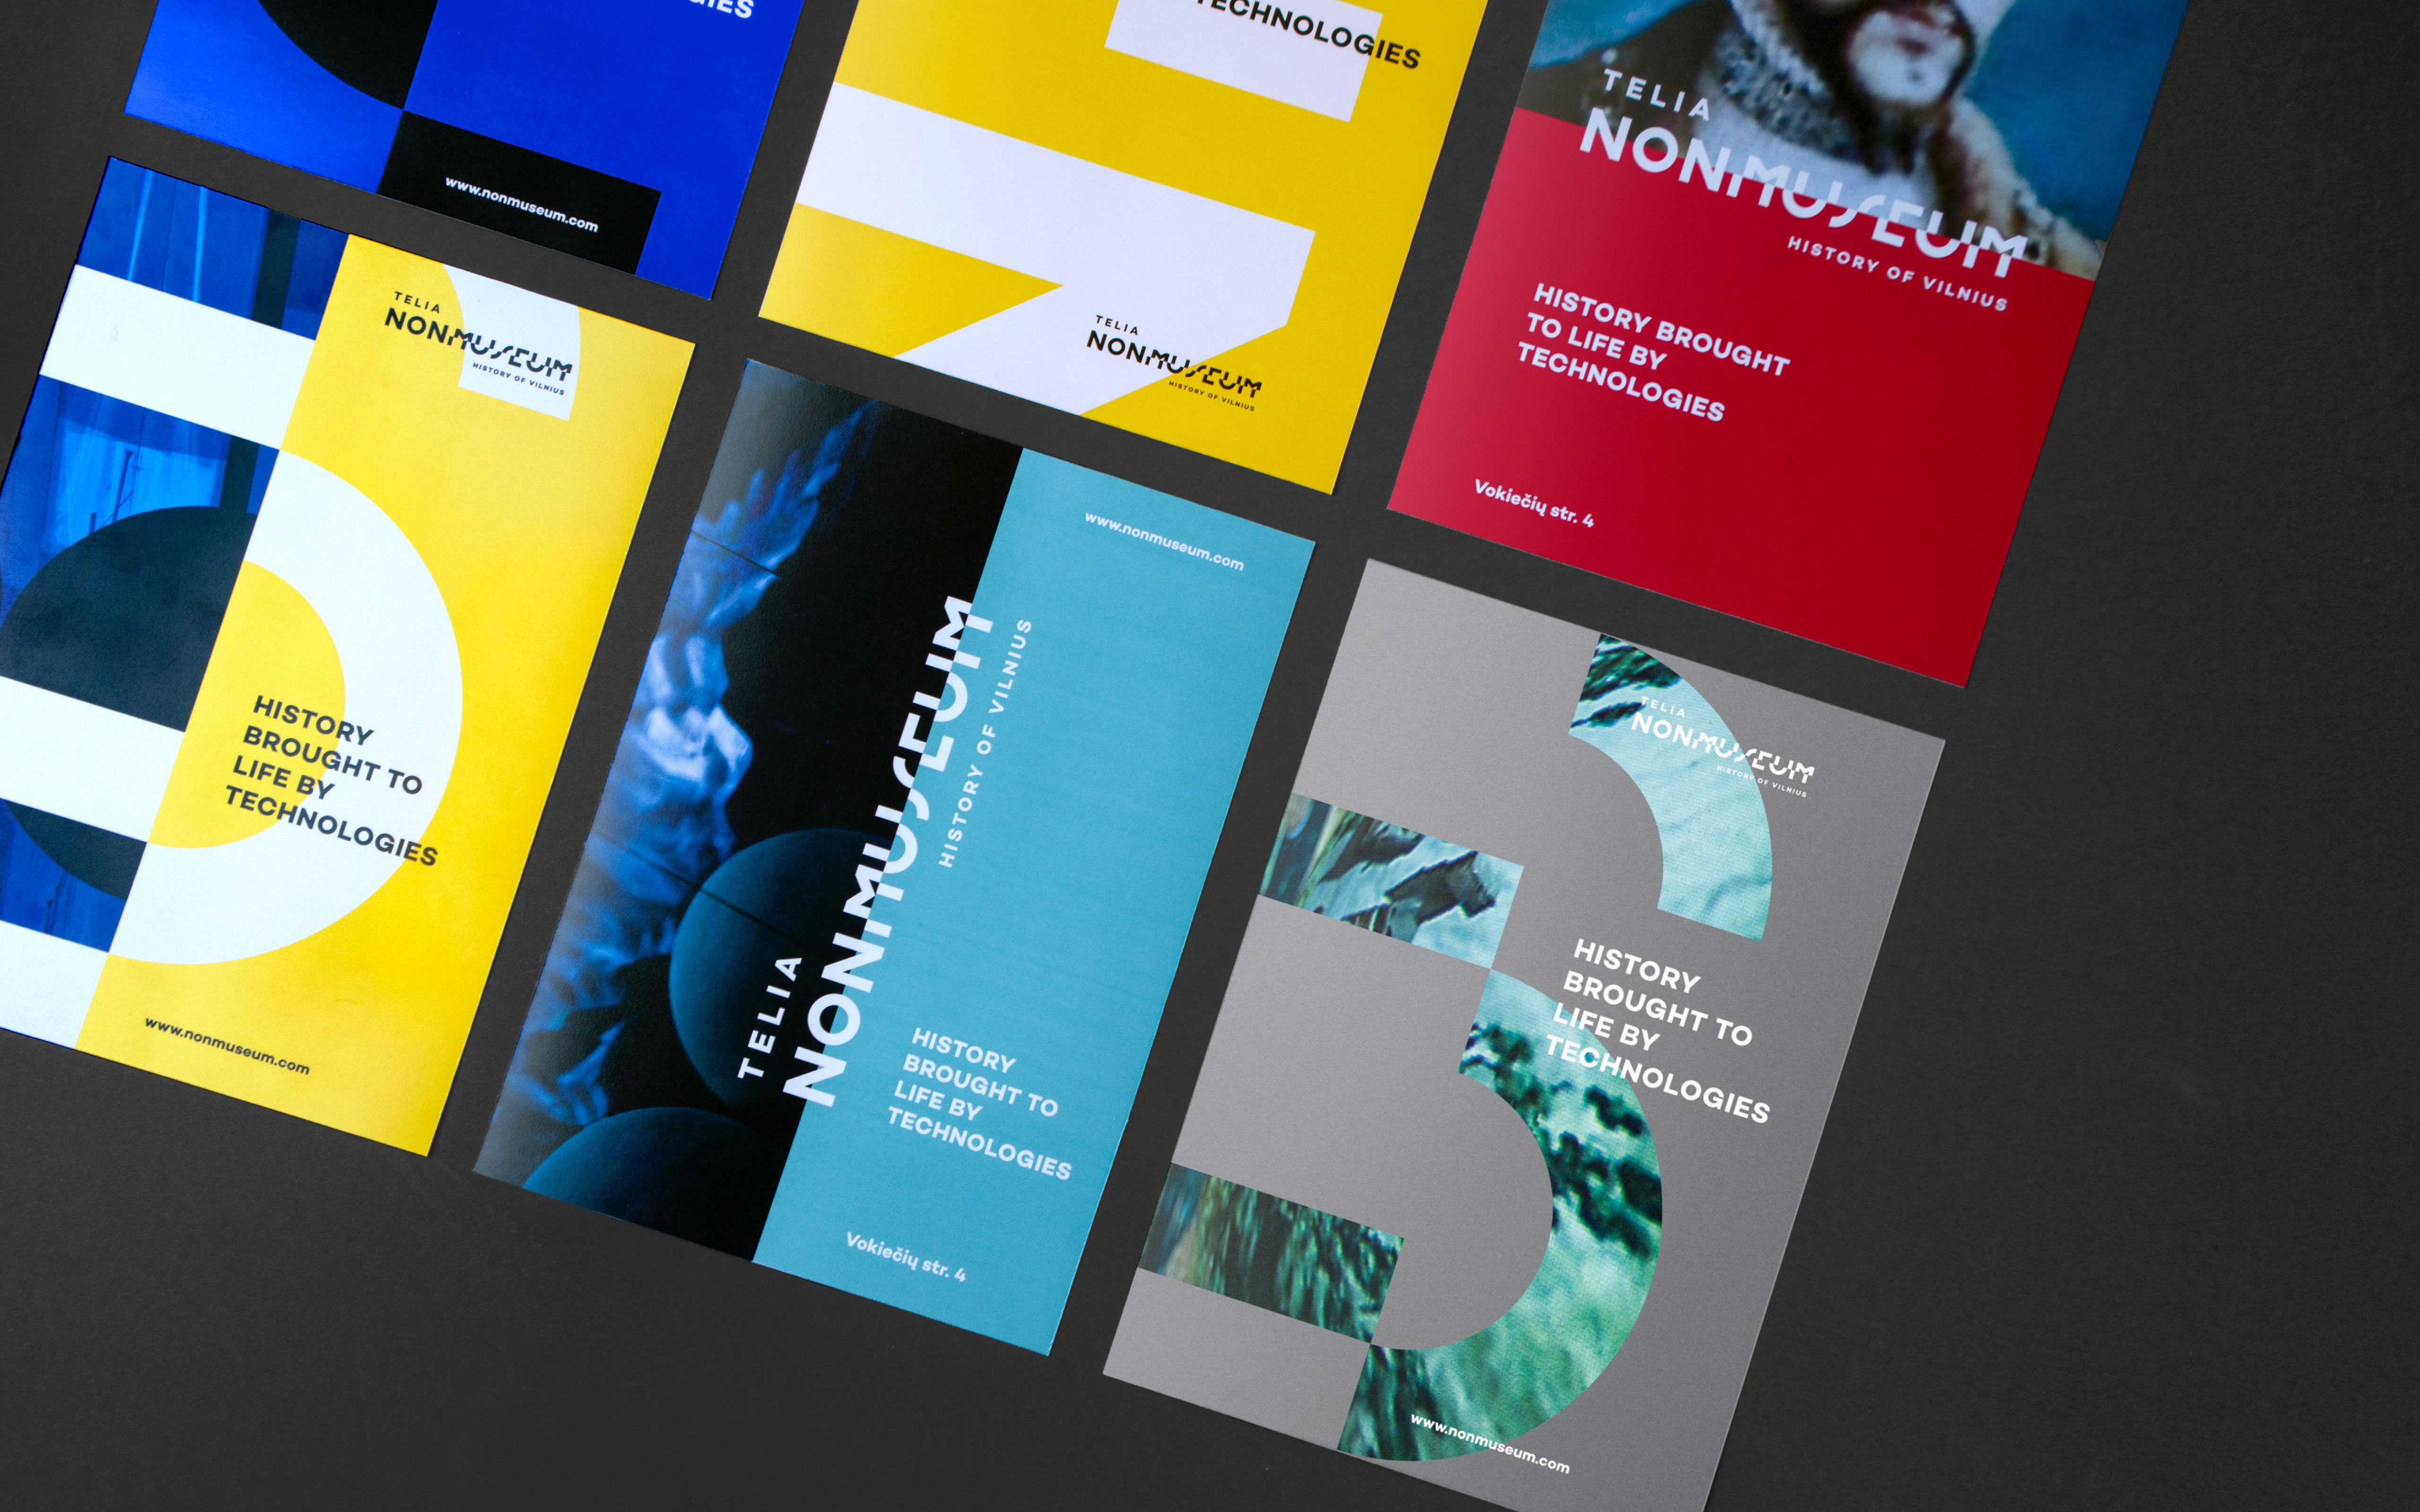

The idea of the logo is to communicate the shifting passage of time and process of historical pieces coming together to tell stories in a non-traditional way.

Graphic elements together with photography of projections conceptually connect the old and the new, the past and the present. Using different sizes of the elements makes the identity easy to apply to various assets.

# HISTORY REVIVED BY TECHNOLOGY

BEGIN

If you are fascinated by legends becoming reality, then let me tell you the history of my city. I will bring you on board of a time machine and take you 700 years back. You will return from this 15 minute trip transformed. You will stay in love forever.
