

X LIGHT

2016

X light on elegantne kontorivalgusti, mis sobitub paljudesse ruumidesse tänu oma minimalistlikule disainile. Õhukese 9mm paksusega valgusti korpuses asetsevad LED X kujuliselt, et valgus hajuks ruumi ühtlaselt. Lisaks on valgustit kandev kangasjuhe põimitud läbi valgusti, mis annab sellele stabiilsuse ning täiustab x kujulist disaini.

X light is elegant office light that suits into various rooms thanks to its minimalistic design. Inside the thin 9mm housing of the luminaire the LEDs are shaped with X for light to scatter evenly. In addition, the fabric cable carrying the luminaire is braided through the housing that gives it stability and finishes the x-shaped design.
